

Landscape Architect / Designer Position

Roofmeadow is seeking a landscape architect or landscape designer near licensure with 3 – 5 years of working experience. Ideal candidates excel in design innovation; creatively explore novel concepts for landscapes on structure, and thrive on multidisciplinary teams. Proficiency in AutoCAD, the design process, and the development of construction documentation is a must. Experience interacting with clients is strongly preferred; excellent written and oral communication skills are essential.

This position is a full-time, exempt (salaried) position with health benefits. Salary will be commensurate with experience. Roofmeadow is an equal opportunity employer; a diverse pool of applicants is sought. Interested candidates should email a cover letter, résumé, and references to Melissa Muroff at mmuroff@roofmeadow.com.

A little about Roofmeadow

Our Vision: Reinvent urban living on all planes with an infusion of the natural world

Roofmeadow is an 18-year old ten-person design firm with system developer roots and a firm-wide commitment to the lifecycle of our landscapes (and roofscapes). Based in the Mt. Airy neighborhood of Philadelphia, our office environment is open, collaborative, energetic and dynamic. Staff tend to be self-reliant and team-oriented, with excellent written and oral communication skills. Our team of landscape architects and designers, civil engineers, and construction specialists have cultivated a comprehensive knowledgebase of landscapes on structure, particularly green roofs. Our innovative designs are supported by deep expertise in engineering, materials, construction logistics, lifecycle stewardship, and horticulture, informed by years of construction review, warranty support, and long-term maintenance management.
